Education & Opportunity

It is the antidote to illiteracy. We believe that investing in local organizations is the best way to create long-term impact. We partner with experienced and passionate local schools to build sustainable, community-owned projects. 100% Funded Scholarship for Vulnerable Children. We remain committed to monitoring, evaluation, and maintenance to ensure that these programs operate sustainably for years to come. In all cases, local experts are designing, implementing, and monitoring the work. Because they love what they do.

grace

Shelter and Food Security

"Grace is the antidote to hunger. It flows like water to the lower parts, just as we observe with food: during crises, returning to normal eating habits can significantly improve the situation.

At our institution, we are dedicated to providing a food basket for our student's family and immediately sheltering us for a code red situation."

music

After-School Program

It is the antidote to violence. If we approach music in the same natural way that we approach our first language, we would learn to speak it in the same short time that it took to speak our first language.

Enabling young musicians to play and perform with talented musicians on a daily basis is the goal of our RockSmithClub Music program.

Result points will be exchanged for local currency. We will pay young musicians to study and play stringed instruments.

2024 REVIEW

– A YEAR OF COMMUNITY

In 2024, Rocksmithclub celebrated 3 years since our founding in the middle of a pandemic . In those 3 years, our generous supporters helped us raise more than 10k, enough to bring love, grace and music to more than 10 vulnerable kids.

our community's commitment to end illiteracy, hunger and violence once again gave us reasons to celebrate. Together, we achieved milestones that brought us closer to our goal of ending this crisis in the life of a vulnerable child.

Our Impact

"In Belém, there is a neighborhood historically known as 'Hospedaria do Inferno.' (Hell's Inn) Within the intriguing corridors of Hell's Inn, you will find a small light known as 'Escola Cristã Pequena Luz.' (The Small Light Christian School) On the chairs of the class rooms, ten small lights shine as intensely as the noonday sun, representing our incredible journey where LOVE GRACE and MUSIC intertwine in a unique and transformative experience.
Come be a part of this story!"

GLOBAL IMPACT

- Classes began on January 22/24, but during the break, the children continued to receive reinforcement classes, sports activities, family cell group meetings, and visits to families.
- - We currently have 9 boys and 1 girl, but our desire is to rescue more children from risky environments and attend to their needs
 - In January, they received 15 textbooks and supplementary books according to their grade levels. They also received uniforms for daily wear, for physical education (including sneakers), and for the Junior Firefighter course. They receive a nutritious snack every day at school and lunch at Aunt Lenice's house. Two food baskets are provided per month for each family.
 - In the afternoon session, they have reinforcement classes, table tennis, Junior Firefighter training, and soccer.
 - Rock Smith lessons are being taught by our music teacher, Aniel Lima, not only for Project children but for all school students on Tuesdays and Thursdays.
 - We are covering the rent for Yuri and Yasmin's family who had nowhere to live.
- - Priscila, Yuri's mother, has just given birth to another child, but the baby was born with syphilis, and both are hospitalized for treatment. We are providing the baby's layette, assisting with medications, and transportation. Priscila's other 4 children are with us while their mother goes through this.
 - Paulo fell at school and broke his arm. We took care of him by taking him to the public hospital and buying medication. We are monitoring his progress. It was noted that he has very fragile bone structure and is malnourished.
 - Bible study group every Tuesday evening for the children and their families.
 - **The mother of Fabrício and Pedro informed us that they will be moving to the south of Brazil in July. They were the first children in the Project Light, but God has given us peace, showing us that our time in their lives is coming to an end and that they are leaving this dangerous and challenging environment for a better place, a new life! This opens up an opportunity for two more boys from the "hostel of hell."**
 - We have other boys registered as candidates to join our project. We are in constant prayer for the Lord to raise up new supporters. We ask for prayers from our brothers and sisters as we face many battles to help these little Lights!

THE HOUSE OF JASON

ROCK | BLUES | JAZZ | WORSHIP

American teenagers in a quest to save the world playing Rock & Roll for communities in a vulnerable state around the globe, raising money to cover their essential needs.

RockSmithClub means support to education, and opportunity to engage young musicians in world-changing projects. For families and schools in vulnerable communities, it's the foundation for a stronger generation. It takes about **\$135 monthly** to bring **LOVE, GRACE & MUSIC** to one family living in a vulnerable community plagued by illiteracy, hunger and violence, but no matter how much you're able to give, 100% of your year-end donation will impact and change the life of a child in need.

We believe that music has the power to bring about positive change in vulnerable communities, and we know how to use it to end illiteracy, hunger, and violence. Our music program is designed to provide disadvantaged children and families with the tools and resources they need to break the cycle of poverty and build a better future for themselves. By investing in sustainable musical programs that bring love, grace, and joy to people's lives, we can create a ripple effect of positive change that touches the lives of countless individuals. We are committed to working with local partners and community leaders to identify the most pressing needs in these communities and develop targeted solutions that address the root causes of these issues. Through our music program, we are confident that we can make a lasting impact on the world and create a brighter future for all.

We work with carefully-chosen local partner organizations to bring after school music programs to remote areas with the greatest needs and most vulnerable populations.

Our Pilot Project will partner with **Associacao Novo Mundo** to bring a full scholarship to vulnerable child in...

AS ALWAYS, 100% OF ALL PUBLIC DONATIONS FUND ROCKSMITH PROJECTS.

TRANSPARENCY AND PROOF

WE PROVE EVERY PROJECT BY PUBLISHING PHOTOS AND REPORT CARDS, AND WE CONTINUE TO RECEIVE UP-TO-DATE NEWS REPORT FROM OUR LOCAL TEAM.

LOCAL PARTNERS

WE PARTNER WITH EXPERIENCED LOCAL ORGANIZATIONS WHO BUILD SUSTAINABLE, COMMUNITY-OWNED MUSIC & AFTER-SCHOOL PROJECTS.

MUSIC AS LANGUAGE

OUR DESIRE IS TO PARTNER WITH COMMUNITIES' LEADERS, SCHOOLS AND PARENTS TO TEACH KIDS (6 & UP) MUSIC AS LANGUAGE, USING TECHNOLOGY, ROCK, BLUES AND WORSHIP AND THIS TO SERVE AS FOUNDATION FOR THEIR MUSICAL GROWTH AND PERFORMANCES IN THEIR LIVES.

RockSmithClub is about providing meaningful time for parents and their kids through music.

A structured plan gives you something to work on and talk about with your children. Your kids will have the opportunity to learn quality traits from direct example and improve on their character, while learning that responsibility and courage are important aspects of a good person.

It's crucial for parents to spend time with their children, since the kind of man or woman they will become are dependent on what you teach them both directly and indirectly through your actions.

The higher degree of responsibility that they agree voluntarily to try to bear. The richer their lives will be. Life have more meaning when you have responsibilities.

Give them goals and objectives to aim.

Start with learning an instrument

ends with them rebuilding a city...

LOOKING AHEAD

The mother of Fabrício and Pedro shared with us that they will be relocating to the south of Brazil in July. As the pilot project participants of Project Light, their departure marks a significant milestone. Yet, amidst farewells, we find solace in the assurance that God is guiding their journey. Their transition symbolizes a departure from a perilous and daunting environment towards a brighter future, embodying the transformative power of our mission.
